College

**BROADGATE**  
ESTATES

*"I would recommend i-Clean for an efficient and effective benchmarking exercise of the domestic services department and the built environment. The report was clear and well presented giving a comprehensive overview of the service delivery. The survey was conducted in a timely manner with full consideration to staff, patients and visitors."*

**Interim Head of Facilities, Queen Victoria Hospital.**

## DID YOU KNOW...

Our standard benchmark review looks at how cleaning teams interact with recycling and waste processes, the distribution of consoles, and types of liners being used across any portfolio of buildings.

We now offer a specialist recycling and waste benchmark review that investigates recycling and waste processes and protocols across your estate.

As part of the review, we'll develop a strategy and vision to reduce your costs, increase your recycling rates, and drive carbon out of your organisation, whilst helping you engage with the circular economy.
